

Doubles poem

$$1 + 1 = 2$$

Two eyes look right at you.

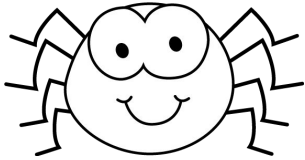

$$2 + 2 = 4$$

Four paws walk on the floor.

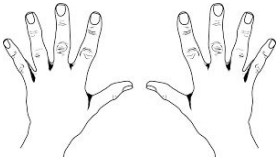

$$3 + 3 = 6$$

Share a soda - - just for kicks!

$$4 + 4 = 8$$

A spider's legs are great!

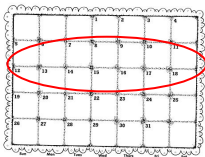

$$5 + 5 = 10$$

Count all your fingers again!

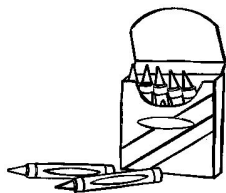

$$6 + 6 = 12$$

Grab a dozen eggs from the shelves.

$$7 + 7 = 14$$

Two weeks vacation? Peachy keen!

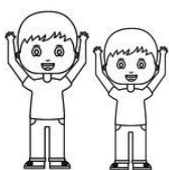

$$8 + 8 = 16$$

Think of colours like red, blue, and green.

$$9 + 9 = 18$$

That's the biggest truck I've ever seen!

$$10 + 10 = 20$$

My pal and I have fingers aplenty!
