

Math Choice Board

Pick and activity. Once you have completed the activity colour in the square. How many BINGO's can you get!

Play Hi Low (AKA War)	Sort toys by colour or size (eg: block, cars, lols, shopkins)	Make shapes with popsicle sticks, pipe cleaners, or pretzels.	Put a puzzle together.	Make patterns with toys or found objects.
Play roll and build. Roll a dice and count out the same number of blocks. Make a tower.	Write numbers on post-its. Place the numbers in order to make a number line.	Make a counting book.	Sort the laundry. Match the socks.	Line up your stuffed animals from shortest to tallest.
Play Go Fish!	Make a yummy treat. Use a recipe to measure out the ingredients.		Play a board game.	Sort coins by kind or colour. Which pile has the most/least?
Make patterns with beads, pom poms, or blocks.	Rainbow number write. Trace with every colour in the rainbow.	Go on a shape walk inside or out. Find a shape, say what it is, describe it.	Shaving cream write and draw. Draw number and shapes in shaving cream.	Count how many forks and spoons you have. What do you have more of.
Snowball counting toss. Cut paper into fourths and write a number on each one, crumple it up. Grab a snowball, say the number, crumple it up, and toss it.	Make a number line. Write out numbers in a long line. Count out objects to match each number.	Shape tap. Someone calls out a shape. Walk around the room and tap all the things that are that shape.	Measure how tall each person in your family is. You could use blocks, foot steps, etc.	Find small treasures (button, gems, pom poms). Count each collection. Which has the most/least?
