

Toilet Paper Roll STEAM

Using a toilet paper roll as your base, your challenge is to create a person or animal that will be asked to do various tasks over the weeks as we learn at home.

Materials:
Toilet paper rolls
Various craft supplies (paint, markers, fabric, yarn, construction paper, buttons, googly eyes, etc.)
Glue
Scissors

Once you have completed your toilet paper creation, give them a name and send me a picture introducing me to your new friend!

Extension:
Your little buddy will need a place to sleep at night. Make a house for your toilet paper friend. Their house could be made from more toilet paper rolls, other cardboard, blocks, etc. Use your imagination and have fun!
